

OMSK ROAM

A Jack the Ripper tour without Jack or ripping. A cobbled promenade, curb tripping, a street party in which the street is the art. OMSK paves the way for a six hour collaborative event featuring the OMSK Collective, plus a programme of London Artists. ROAM involves the participation of local residents - telling stories, compiling car stereo concerts, walking cinematically, skipping durationally...

OMSK is a group of artists working in film, music, and live performance. OMSK was created in 1995 and has produced more than 30 arts events in alternative London venues and abroad.
